Date: 23/10/2021

2.2.1 Institution **accesses the learning level of students:** Class wise class incharges are allocated for each class for better co-ordination and effective communication. Student's evaluation is done as per following:

- Assignments submitted by student: course wise assignments are given to students on Unit basis for submission.
- Presentations giving by student: Topics are assigned/opted from Course curriculum unit based for presentation in class
- Mid Semester Examinations: as per regulations Mid Semester Examinations are conducted during running semester for all courses
- End term examinations: at the end of semester End term examinations are conducted.

Special programs for advanced learners: Advanced learners are encouraged to attend courses/webinars/seminars/symposiums/exhibitions/case-studies apart from their course curriculum. Also reference materials of advanced developments are referred to them.

- High performing students are identified on the basis of internal assessment, university Examination, involvement in classroom. Students are encouraged to be members of Student bodies like NASA and organize technical events.
- Advising to participate in group discussions, technical quizzes to develop analytical and problem-solving abilities in them and thereby to improve their presentation skills.
- Various club activities are conducted in the respective areas to mould the students in corresponding field.
- Bright and diligent students are motivated and inspired to get university ranks
- Students are encouraged to take up competitive exams like GATE, GRE

Programs for slow learners: Faculty members give more attention to slow learners

- By delivering extra lectures, clearing doubts, sharing reference materials.
- Care is taken by faculty in monitoring the performance of slow learners. Faculty members do periodic interaction.
- Department conduct remedial classes, provide course notes for students especially the slow learners.
- Such students are given regular class tests in order to improve their performance in the university exam.
- Further faculty members revise the tough topics as per the students requisition and provide university question bank and discuss the way of presenting the answers in the exam to score marks.
- Extra classes are organized to clarify doubts. Critical topics are re-explained for better understanding by the students.
- Appropriate counselling with additional teaching is done which eventually results in students attending the classes regularly.
