

Name of the Department / Constituent Campus: I.K.G. P.T.U. Campus Hoshiarpur

Name of the Program: B. Tech Mechanical Engineering

Mentoring objectives and process for mentors

- 1. The general objectives of mentoring students is to equipment them in performing better in achieving better grade points/percentage scores in their study.
- 2. The specific objective is to understand the mentee with number of counseling on one-toone basis and identify the short fall of the mentees, with the consent of mentees.
- 3. The short falls identified may be in core-curricula, extra-curricular activities, personal shortfall of a mentee, if any, and any other difficulties faced by the mentee during his/her period of study at IKGPTU.
- 4. From the identified shortfall remedial measures shall be taken in preparing the mentees to score better grade points/percentages of their study. Remedial measures taken shall be detailed in the table below:
- 5. Continuous follow-up (once in a week) and a healthy mentor-mentee relationship shall be proved that results in good output of mentor-mentee work.
- 6. A separate attendance report shall be maintained for every counseling hours given on weekly basis.

Details of Remedial Measures Suggested / Taken

Shortfall	Remedial measures/Suggestions	Remarks
Problem in solving numerical	Encouraged the students to practice numerical problems as much as they can, also suggested them to go through from previous question papers.	
Confusion in selection of subject books	Motivated and guided them to always follow standard books for the preparation of final exams.	
Confusion regarding vaccination.	Discussed and motivated them to get vaccinated.	
	Problem in solving numerical Confusion in selection of subject books	Problem in solving numerical Encouraged the students to practice numerical problems as much as they can, also suggested them to go through from previous question papers. Confusion in selection of subject books Motivated and guided them to always follow standard books for the preparation of final exams.

Mentoring objectives and process for mentors

- The general objectives of mentoring students is to equipment them in performing better in achieving better grade points/percentage scores in their study.
- The specific objective is to understand the mentee with number of counseling on one-toone basis and identify the short fall of the mentees, with the consent of mentees.
- The short falls identified may be in core-curricula, extra-curricular activities, personal shortfall of a mentee, if any, and any other difficulties faced by the mentee during his/her period of study at IKGPTU.
- 4. From the identified shortfall remedial measures shall be taken in preparing the mentees to score better grade points/percentages of their study. Remedial measures taken shall be detailed in the table below:
- Continuous follow-up (once in a week) and a healthy mentor-mentee relationship shall be proved that results in good output of mentor-mentee work.
- A separate attendance report shall be maintained for every counseling hours given on weekly basis.

Details of Remedial Measures Suggested / Taken

S.No.	Shortfall	Remedial measures/Suggestions	Remarks
1	Practical Structure	Discussed with the students about practical structure and suggested them to make time table of self-study.	
2	Problem in understanding subjects	Discussed about the understanding of the subjects taught to the mentees.	
3	Personal and Subject related issues of the mentees.	Discussed with mentees about their educational and personal problems and counselled them to solve these issues.
