

Celebration of commemorative days, events and festivals

Department Food Science & Technology

Our department enthusiastically celebrate all national and international commemorative days, events and festivals. National festivals are very crucial to celebrate the zeal of Nationalism and Patriotism and to acquaint the students to rich legacy of India. Our department celebrates and organizes these events with great zeal to commemorate the ideology of nationalism and to pay tribute to our great National Leaders. The Faculty, Staff and Students of the department all come together to celebrate these occasions. The department celebrates Republic Day to mark the adoption of Indian constitution and to celebrate the democracy. Similarly enthusiastic preparations of Independence Day are done to pay tribute to national heroes who sacrificed their life for the nation. Flag hosting ceremony is an integral part of Republic Day and Independence Day celebration in our department. Every year we celebrate Gandhi Jayanti to mark the birthday of Mahatma Gandhi and his selfless contribution for India's freedom struggle. It is a day to remember a special person, the person who is the 'hero' of our nation, who taught the world the lesson of non-violence, so that same values can be incorporated in the students. Yoga is that medicine that has the power to cure any disease of the Universe, even those which cannot be cured by the prescription of a doctor. Including Yoga in everyday life is one of the healthiest practices people can ever make. It not only makes you physically well but will calm your mind and soul. To spread awareness about Yoga Day in our institute programs are organized whereby experts deliver speeches on Yoga Day and yoga is done by all the members of the institute. This is a small effort towards making Yoga a part of student's daily life. Celebrating Teacher's Day at our department is one of the finest memories. Beginning to the celebration is with all the decorations along with a cultural event that leaves a mark in the memory. Women's Day is enthusiastically celebrated in our department where women are recognized and celebrated in their fields. These women have a fierce and robust spirit, which makes them excel in their respective areas. The contribution of women in every sphere of life is massive and is celebrated this day by organizing speeches from eminent personalities. International Francophonie Day is celebrated to appreciate historic French language and culture. Our department organized an event to celebrate International Francophonie Day where a competition was organized to make French cuisines.
