# STUDENT INDUCTION PROGRAMME

15 JULY TO 7 AUGUST 2019

## INDUCTION PREPARES STUDENTS FOR NEW ROLE: DR AJAY SHARMA

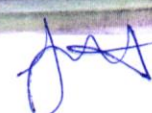

Prof. (Dr.) Ajay kumar Sharma, Vice Chancellor OF IKG PTU welcoming all new students in campus said that he is quite happy to see strength in induction program. He told that this 3 week long induction program was started in 2016 by IIT (BHU) and now it is mandatory for all AICTE approved institutions. He shared with newly joined students that there are many pressures when you leave home for new goals. Some time environment is de- motivating and corrosive. Start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine. To come out of such situations, induction is needed. After induction problems are less in

counting. One works closely with the newly joined students in making them feel comfortable, allows them to explore their academic interests and activities, reduces competition and make other work for excellence, promotes bonding within them, builds relations between teachers and students, gives a broader view of life, and builds strong character. Again welcoming students Dr. Ajay Sharma urged faculty members and other staff to help new students with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment and inculcate in them the ethos of the institution with a sense of larger purpose.

# INDUCTION MAKES STUDENTS FEEL COMFORTABLE : DR. BRAR

While welcoming expert for the induction Prof. (Dr.) YS Brar Director Main Campus said that The IKG PTU Kapurthala was established to be at the cutting edge of technology and the frontiers of knowledge. The incoming undergraduate students are driven by their parents and society to join the Higher Studies without understanding their own interests and talents. As a result, most students fail to link up with the goals of their life. The graduating student must have values as a human being, and knowledge and meta- skills related to

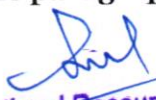

his/her profession as an engineer and as a citizen. Most students who get de-motivated to study engineering or their branch, also lose interest in learning. He told, the Student Induction Program is designed to make the newly joined students feel comfortable, sensitize them towards exploring their academic interests and activities, reducing competition and making them work for excellence, promote bonding within them, build relations between teachers and students, give a broader view of life, and building of character.

Diagnostic Test of English was taken of students during induction session. In this students were asked to write some paragraph.

## PURPOSE OF SIP

Purpose of the Induction is to help new students adjust and feel comfortable in new environment, inculcate in them the culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration. It is a planned event to educate the new entrants about the environment in a particular institution and connect them with the people in it.

## FAMILIARIZATION WITH DEPARTMENT/BRANCH

New students were told about the credit and grading system, and about the examinations. They were informed about how study in university/college differs from study in school. They were also taken on a tour of the whole university and shown important points such as library, canteen, play grounds and other facilities. They were shown their department, and told what it means to get into the branch or department. Described what role the

technology related to their department plays in society, and after graduation what role the student would play in society as an engineer in that branch. lectures by concerned departments were very helpful in this regard. They were shown the laboratories, workshops and other facilities too. In the the above session Dr. Satvir Singh HOD ECE and advisor SIP, helped students to understand what is mean by being in a university.

### KAMAL SIR EXPLAINED ALL ABOUT LIBRARY

Induction engages with students as soon as they come into the institution. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values. So Kamal sir from library explained all facilities given to students soundly. Students were amazed to see KRC (knowledge resource centre)

### WORK HARD, NEVER LOOSE HEART: SOOD

During induction entrepreneur Mr. Vishal Sood interacted with students and faculty. He motivated students never to loose heart as worse situations are momentary. He told newcomers to be good listeners as listening is also a part of learning. He advised students to do each of their job with 100 percent mind then nobody can stop them to be winner.

## 6 DAYS WORKSHOP ON UNIVERSAL HUMAN VALUES

Mentoring and connecting the students with faculty members was the most important part of student induction. Mr. Jatinder Narula was a great help in this. Mentoring took place in the context and setting of Universal Human Values. It gave a chance to students to explore oneself and experience the joy of learning, prepared them to stand up to peer pressure and take decisions with courage, be aware of relationships and be sensitive to others, understanding the role of money in life and experience the feeling of prosperity.

Mr. Mohit Jain told students through a documentary that one should not depend on others to get an assignment done. He said, take first step and this will take you to the goal.

## HELPING HAND

Mr. Sanjeev Sharma, a mentor and coordinator of SIP, met students at hostel (boys) during informal interaction and discussed a lot of things with them. He asked students about their interests and hobbies too. If they facing any problem during their stay? Students felt positive as at every step they have one or other to listen them and for immediate help.

## IT MADE ME EXTROVERT & CONFIDENT:INDERJEET

CSE BTech student Inderjeet Bhagat shared his experience that induction has filled him with confidence. He used to be very introvert but now he can face stage soundly. First thing he appreciated after his arrival from West Bengal was free bus service to

Golden Temple from Amritsar Airport. He likes Punjabi culture, food, dressing sense and nature of local people. He is enjoying every moment.

Yoga was first activity of every morning during induction program. Students used to gather in ground and yoga experts were there to practice moves for freshers with them.
