**Suggestions/Comments, if any, may please be written below:**

I am deeply grateful for the education and opportunities provided by IKG PTU. The institution's emphasis on academic excellence, practical learning, and holistic development has significantly contributed to my personal and professional growth. The faculty's dedication and the availability of resources such as labs and libraries were instrumental in shaping my skills and knowledge.

To further enhance the university's impact, I suggest introducing more industry-oriented workshops, collaborations with leading organizations, and programs focusing on emerging technologies to better prepare students for the evolving professional landscape.
