National Science Day

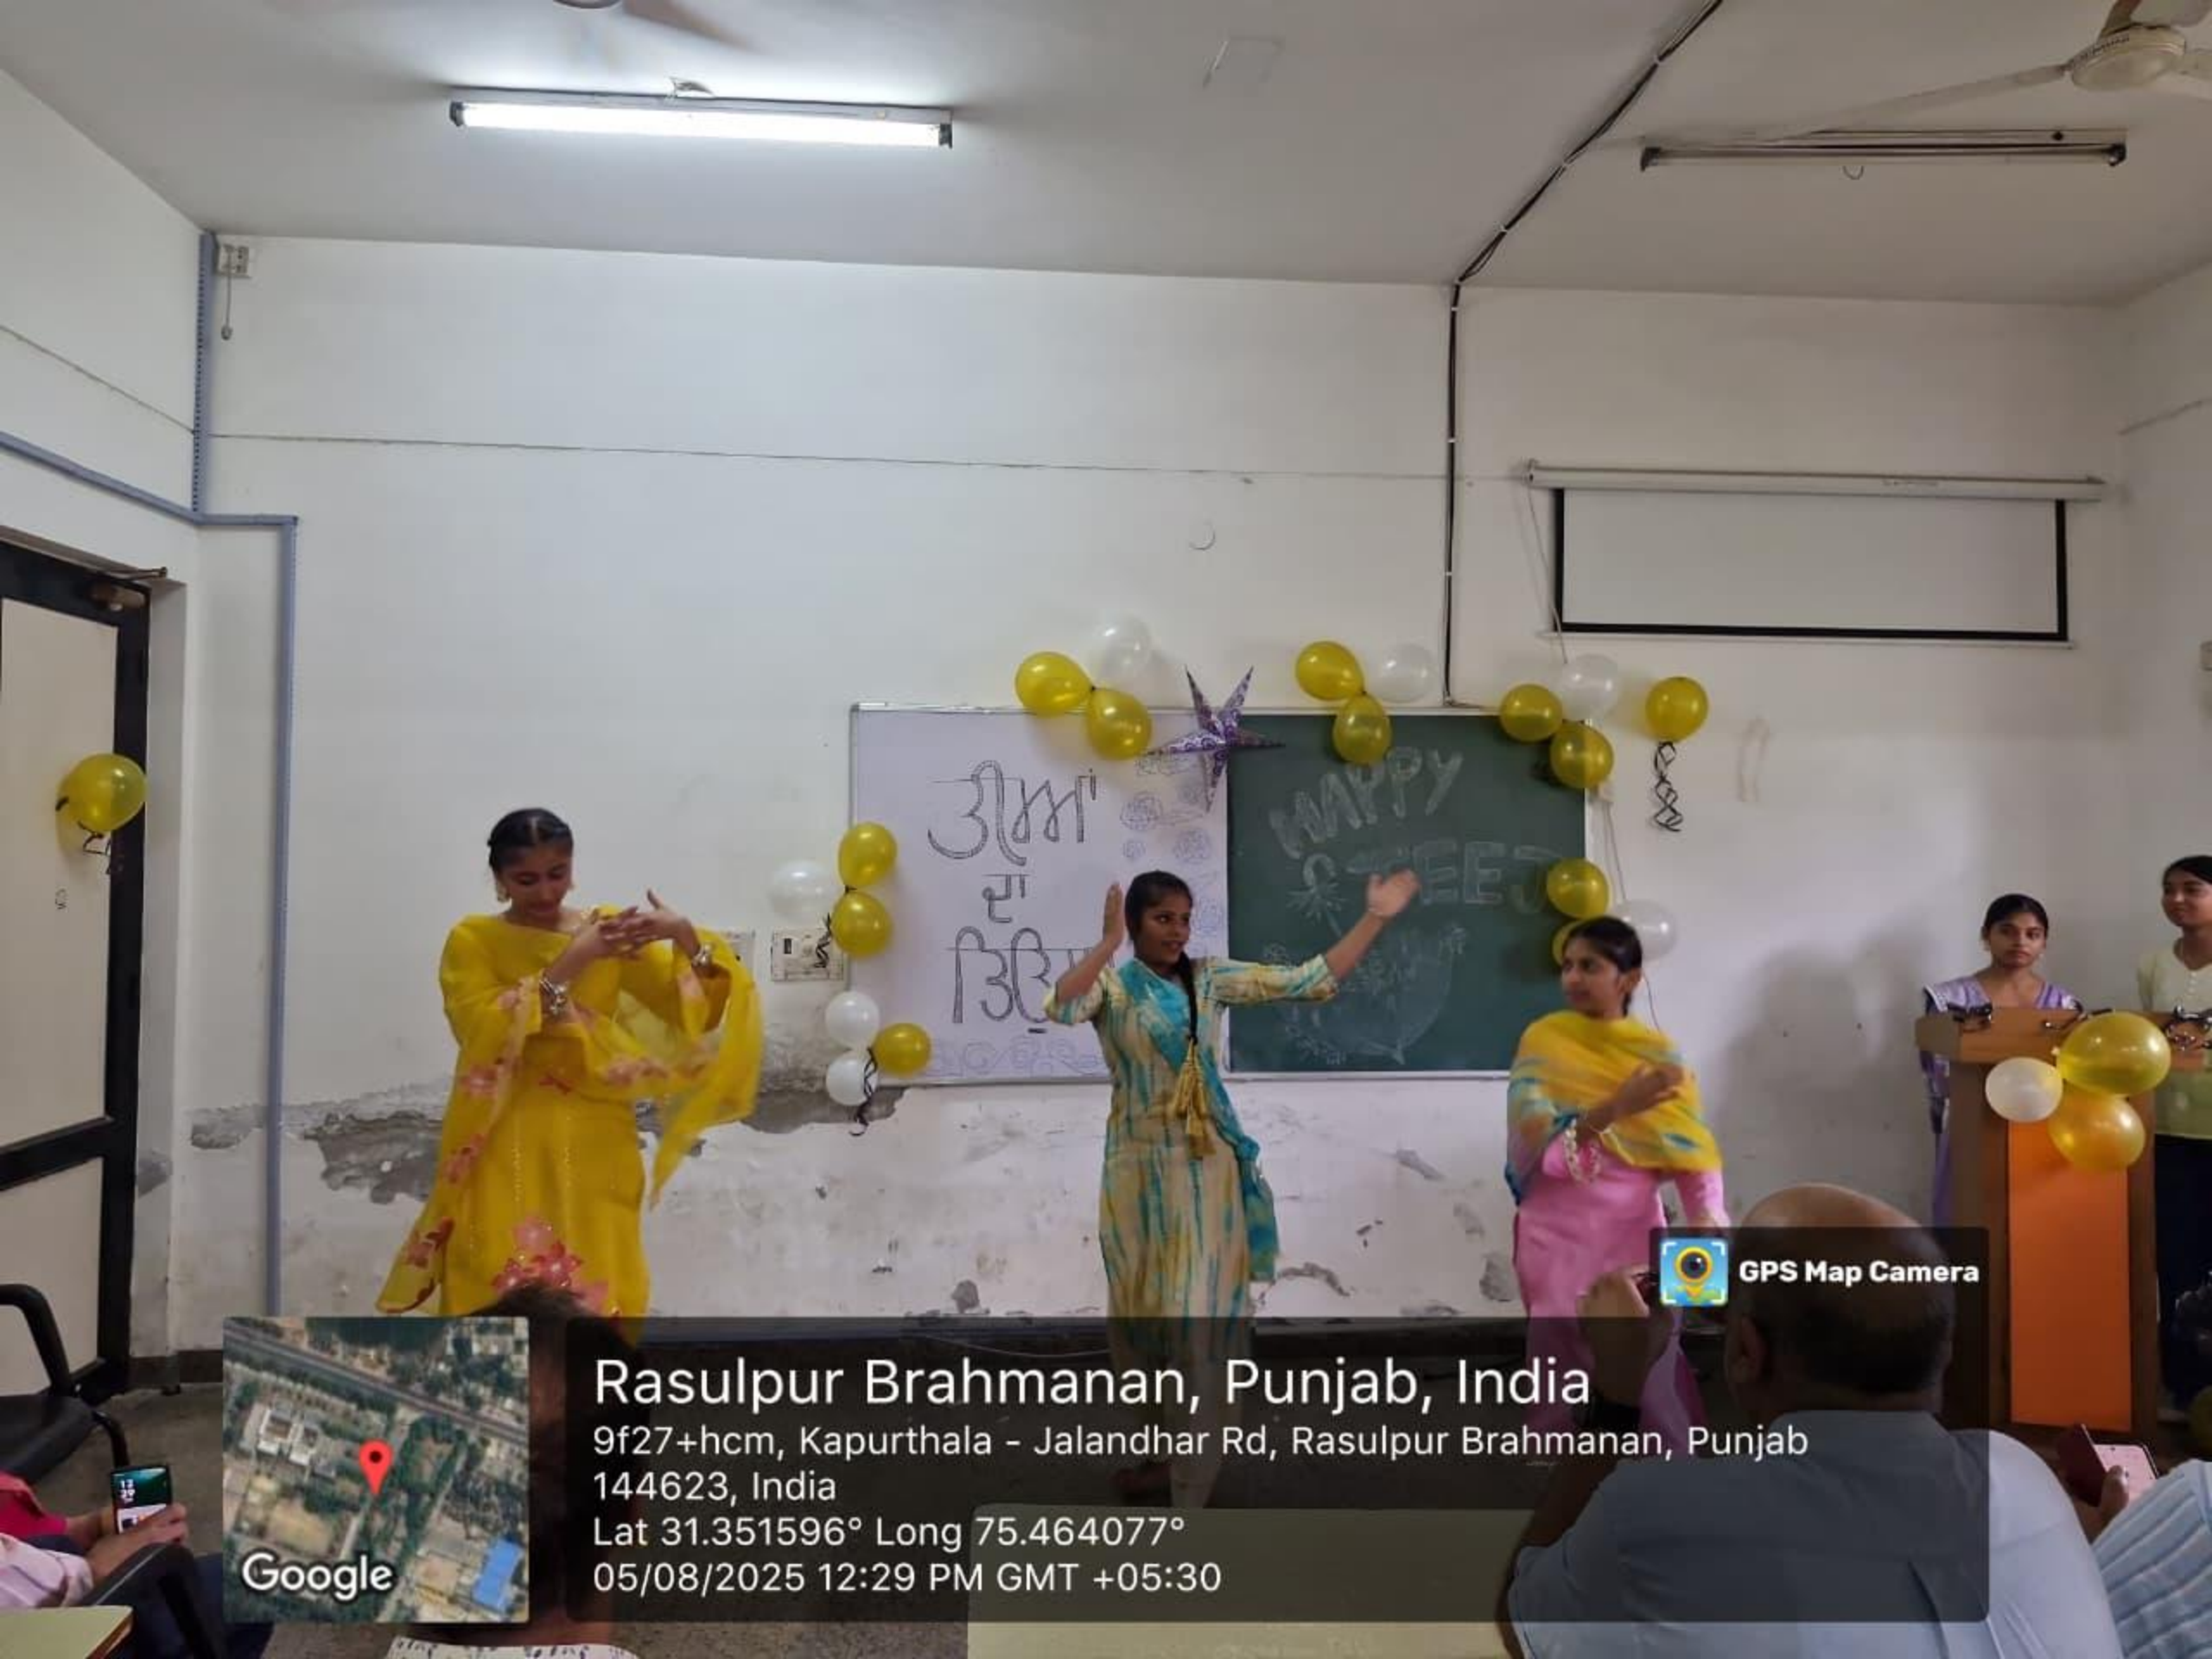

National science day is celebrated annually on February 28 in India to commemorate the discovery of the Raman Effect by physicist sir C.V. Raman. Department celebrated this day on March 07, 2025 as National Science Day. A quiz was organised to test the knowledge and raise awareness about the importance of science, to promote innovation and to encourage interest in scientific research. In the quiz competition, four teams were formed consisting of 4 students each from B.Sc. and M.Sc. These teams were named on science themes such as Triple bond, Atom avengers, Reaction raiders and reactant rebels. The format of the quiz consisted of five rounds. All the students participated with great enthusiasm, explored interesting facts and celebrated the spirit of science day. At the end of the programme, Head of the department Dr. Gourav Bhargava, congratulated the participants and distributed prizes to the winner team along with some refreshment for all students, faculty members and non-teaching staff.

Talent hunt show and Teej celebration

On August 5, 2025, department celebrated the vibrant festivals of Teej followed by a talent hunt show featuring dance and song competition. The department was decorated by students with colorful and festive ornaments that captured the spirit of celebrations. Our HOD began the Teej festival with speech, highlighting the significance of Teej as a festival of joy, unity and cultural heritage. The HOD also encouraged all participants to showcase their talents. The talent show was divided into two main categories dancing and singing. The performance were spectacular, selecting the hard work of the students form traditional dances such as Bhangra or Gidha to variety of songs form folk music to modern popular times tunes were performed by students that dazzled the audience. The atmosphere was filled with energy and joy with the audience cheering and applauding after each performance. The best performance of talent show was given prizes by our HOD. The success of the day reflected by enthusiasm and creative spirit of all students, marking it a memorable occasion.

Holi Celebration

The joyous and colorful festival of Holi was celebrated with immense enthusiasm on March 13, 2025 bringing together the entire department of chemistry including students and teachers. Holi's significance lies in victory of good over evil, arrival of spring, unity and brotherhood. It celebrates the legend of Prahlad and Holika and the divine love of Radha and Krishna. The day's festivities began with our HOD, delivering, a short but meaningful address, emphasizing the significance of Holi. This sets a positive and heartwarming tone for the celebrations. Following the address, the air was filled with excitement as students and teachers alike enthusiastically engaged in playing with eco-friendly herbal, colors, ensuring the celebrations were both safe and joyous. Some music and popular festive songs filled the atmosphere, with spontaneous dancing adding to lively and carefree mode. Delicious sweets were also distributed among all present. Overall the event was a spectacle of laughter, music and colorful celebration that left every one with unforgettable memories.
