IT Services department has served as a hub for all IT related services of the University and its Constituent Campuses.

The department has a significant role in the software development, network activities of the University and its Constituent Campuses. University Computer Centre provides varied services to all faculty members, staff and students of University Campuses. With the commissioning of the University-wide network, the Computer Centre is in a unique position to serve the University for all its IT needs. This centre facilitate with **high speed internet facility, high performance computing facility, placement tests, training centres, state-of-the-art servers, storage and various advanced application softwares.**

IT Services department supports the University wide one Gbps fibre optic network that connects all the academic departments, hostels, libraries, building blocks and other central facilities. The department provides e-campus facility comprises of Internet, open for 24x7 with a high speed and uninterrupted connectivity. Department laboratories, hostels and libraries provided computing facilities through the wired Gigabit LAN connectivity and Wireless Access Points. We have transformed University campus into a Wi-Fi enabled e-campus. As the part of the collaborations and consultancies, the Computer Centre provides IT enabled services to the Government organisations.

Key facilities include:

- Internet Leased line (1 GBPS & 300 MBPS)
- Wi-Fi Facility in Campus, Hostels
- Email Facility
- Fully air-conditioned Laboratories
- Printing and scanning resources.
- A variety of standard and specialized softwares.
- Highly configured computers with networking.
- Qualified supporting staff.
