Scheme & Syllabus of
Master of Arts
(M.A. Journalism & Mass Communication)
Batch-2018-19 Onwards

By
Board of Studies in Journalism & Mass communication
Department of Academics
IK Gujral Punjab Technical University
Vision & Mission of the Department

VISION

The Department of Journalism and Mass Communication of IKG Punjab Technical University, aspires to be a nationally and internationally acclaimed leader in professional and higher education in all spheres which transforms the life of students through integration of teaching, research and character building.

Mission

A department that can effectively harness its multidisciplinary strengths to create an academically stimulating atmosphere; evolving into a well-integrated system that synergizes the efforts of its competent faculty towards imparting intellectual confidence that aids comprehension and complements the spirit of inquiry. To orient the students to the university ethos that aspires to put budding communication professional to the service of society.
PROGRAM OBJECTIVES

MA Journalism and Mass Communication (MAJMC)

The Master's Course is designed for student desirous of taking up careers in the field of communication. A thorough grounding will be provided in communication and journalism theories and mass media research. The syllabus is designed in such a way that the latest developments in the ever-changing media sector can be easily incorporated in classroom teaching.

The objectives of the course are:

1) To hone the Journalistic and research skills through practical work, assignments project reports, seminars, and workshops and to acquaint student with advanced journalism and media practices.

2) To fully acquaint students with the need to maintain an even balance between practical, theoretical and conceptual aspects of media professions and lend them a critical understanding of the communication package as a whole.

3) To offer appropriate grounding in the issues, ideas and challenges of 21st century thereby broadening the world view of the future Communication practitioners.

4) To develop multi-tasking skills required in the dynamic multi-media and convergent environment.

PROGRAM OUTCOMES

The students learn competencies and skills required by the media world.

They will be well-integrated in the industry, being industry-ready at the outset.

The students would have acquired great confidence by the end of the course, having had hands-on experience with media softwares, intensive training in media writing, and media exposure in journalistic writing, through informal internships.

Master of Arts in Journalism & Mass Communication (MAJMC)

It is a Post Graduate (PG) Program of 2 years duration (4 Semesters)

Eligibility for Admission: Graduation with 50% Percent in any stream from UGC recognized Universities.

Note: Students enrolling for this course may write their assignments and final examination in English or Hindi or Punjabi only. The Question papers will be set in English language only.

Course-II
Media Research Methods (MAJMC302-19)

OBJECTIVES:

- To provide insights about communication research.
- To try out quantitative and qualitative research approaches.
- To provide students with tools to conduct situation assessments that are informed by Participatory, human-rights principles.
- To make the students able to analyze data to guide strategic decisions.
- To understand how to monitor and evaluate communication for development programmes.

Unit-I
- Research: Concept, Definition, Nature and scope
- Type of Research and importance of research
- Elements of research
- Areas of media research
- Development and growth of communication research

Unit-II
- Research Designs: Experimental design and semi experimental design, exploratory, descriptive design
- Longitudinal research: Trend analysis, cohort analysis, panel studies
- Research Methods: Qualitative and quantitative
- Observation, case study, interview
- Content Analysis, Survey method

Unit-III
- Feed forward and feedback, NRS, TRP, opinion polls
- Sampling methods: probability and non-probability
- Hypotheses: Meaning, Characteristics
- Data Collection tools
- Sources of data: Data coding, tabulation

Unit-IV
- Introduction to Statistics
- Introduction to Statistical software
- Research Ethics
- Research synopsis
- Research report writing

Internal Assessment (40)

Outcome:

- The students will familiarize themselves with the basics of research.
- The students will develop practical knowledge on quantitative and qualitative methods of research.
- Become aware of the ethical issues in Communication research.
Learn to design and execute independent research projects using the methods learnt in the class.
Understanding the various research methods and tool, including their benefits and shortcomings
