Dear Sir/Madam,

You may be aware that the Hon'ble Prime Minister in his address during the Felicitation Ceremony of the Medal Winners of the 17th Asian Games made an announcement that the Ministry of Human Resource Development would request the Universities to invite the medal winners to their campuses so that they can interact with the students and share their experiences and also inspire them to take part in sports activities.

It is an admitted fact that sports play a major role in shaping the character of the student community. It not only helps them to keep their body fit and healthy but also train them to focus their mind and teach them the art of handling pressure. It is an activity where only talent emerges as the winner and as such it inculcates discipline, perseverance and the spirit of competition among them. Sports persons are loved by one and all and elite sports persons are looked upon as peers and role models, and whom they try to emulate in their daily activities.

I am writing this letter to request your esteemed institutions to promote sports/games activities among the students. In this endeavour, inviting Medal Winners to your campus to interact with the student community can play a major impact in nurturing the culture of sports, the benefits from which are immeasurable.

I would be highly obliged to receive the action taken by your esteemed institution in this regard on email ugc.action@gmail.com within one month of the issue of this letter.

With kind regards,

Yours sincerely,

(Jaspal S. Sandhu)
