Sub: Internship opportunity for GIS Project.

Sir/Madam

Punjab Municipal Infrastructure Development Company (Punjab Govt. Undertaking) is going to carry out GIS based property mapping in approximately 150 towns across the state. The project will involve door to door survey of the properties with the help of Mobile App, & satellite imagery etc., compilation and digitization of data and generation of maps using GIS tools.

It has been decided by PMIDC to give internship opportunity to the IKGPTU students of B.Tech (Civil) & B. Arch who will be undergoing training w.e.f. June 2018 by involving them in this project. This will not only help them in getting an exposure to a field project of such a large magnitude but will also help to horn their skills in surveying and working with GIS tools etc.

PMIDC will not only train the students but also provide hand holding for the project. PMIDC will pay an honorarium on per property basis for survey work, compilation & digitization of data and generation of maps etc. Roughly each student will be able to get an honorarium of approximately Rs. 10,000/- per month depending upon the output.

You are requested to forward the data of willing students as per the below mentioned format along with their CVs by March 27, 2018 before 1600 hrs through email at placements.ptu@gmail.com.

S. No.	Name of Student	Course/ Stream	E-mail	Contact

With profound regards,

Er. Navdeepak Sandhu
