Sub: **HackWithInfy 2019 - Infosys India-wide hackathon for engineering students.**

Sir/Madam

HackWithInfy is Infosys's flagship India-wide hackathon for final year engineering students. It is a perfect stepping stone for students to explore their passion for coding and programming, and also an opportunity for them to compete and earn a chance to work with Infosys. The first India edition of HackWithInfy was launched in 2018 and was open to selected colleges/institutes/universities, with over 50,000 engineering students registering for the program and more than 600 participants winning job offers from Infosys.

Now Infosys has launched the second edition of HackWithInfy which is set to offer a richer and more endearing experience.

The registrations for HackWithInfy are open to all B.E./B.Tech/M.E./M.Tech students in India who are graduating in the year 2020.

The competition offers:

1. Cash prizes worth INR 3,50,000/-

2. Opportunities for pre-placement interviews to top 3,300 participants for niche technical roles at Infosys

3. Opportunity to students to showcase their programming talent and earn peer recognition through two online rounds and a 24-hour hackathon in the grand finale.

Steps to register:

1. Students who are not yet a part of InfyTQ can download the app from Google Play_Store or register on the InfyTQ website. Once you are logged in to InfyTQ, please follow point 2.
