Sir/Madam

InfyTQ, is a first of its kind mobile app and web platform for students in engineering colleges across India to create next generation learners and accelerate the journey of students who aspire to make a career in the IT industry.

Infosys envision InfyTQ to make a difference and create a change in the way students learn and build their foundation in Programming and Database courses along with a range of Digital Basics and Soft Skill courses. These courses are designed to enhance their knowledge on latest technologies and they can take up assessments to gauge their industry readiness - **and the students get all of this free of cost.**

Below is a list of the courses currently available on InfyTQ:

Foundation Courses:

Programming Fundamentals using Python	Object Oriented Programming using Python	Data Structures and Algorithms using Python	Learning DBMS and SQL

Digital Basics Courses:

Internet of Things 101	Blockchain Overview	Big Data 101	NoSQL databases 101	Artificial Intelligence 101	Cloud Computing 101	Cyber Security 101

Soft Skill Courses:
