Letter to institutions -jal shakti abhiyan.pdf.

Sir,

As you may be aware that GOI has started a campaign for water conservation and water security. The focus of the campaign will be on water stressed districts and blocks. This campaign will run through citizen participation during the monsoon season in two phases as below:

1st Phase: 1st July to 15th September 2019

2nd Phase: 1st October to 30th November 2019/ (States receiving retreating monsoon)

The major intervention areas under Jal Shakti Abhiyan are:

1. Water conservation and rain water harvesting
2. Renovation of traditional and other water bodies/Tanks

3. Reuse, borewell recharge structure
4. Watershed development
5. Intensive afforestation

In view of this concern Ministry has given AICTE a task for mass mobilization of engineering students from local engineering colleges and their involvement in this campaign. In this connection you are requested to involve your students for participation in this campaign. Engineering students of your institutions participating in this campaign are to be nominated and mapped for each district level team through the district collector/district magistrate of the concerned district.

It is pertinent here to mention that a team of officers in the rank of Joint Secretary and Additional Secretary upto 250 officers from the Central Govt. will visit and work with district administration in 1592 water stressed blocks in 256 districts. All these officers have started their journey to their respective allocated districts. So you are requested to map your students with respective district collector/district magistrate of concerned districts immediately through given below link.

Subject : Mass mobilization of engineering students from local engineering colleges and their involvement in campaign - for Jal Shakti Abhiyan Govt of India initiative.

Sir,

As you may be aware that GOI has started a campaign for water conservation and water security. The focus of the campaign will be on water stressed districts and blocks. This campaign will run through citizen participation during the monsoon season in two phases as below.

1st Phase : 1st July to 15th September 2019

2nd Phase : 1st October to 30th November 2019/ (States receiving retreating monsoon).

The major intervention areas under the Jal Shakti Abhiyan are-

1. Water conservation and rain water harvesting
2. Renovation of traditional and other water bodies/tanks
3. Reuse, borewell recharge structure
4. Watershed development
5. Intensive afforestation

In view of this the concerned Ministry has given AICTE a task for mass mobilization of engineering students from local engineering colleges and their involvement in this campaign. In this connection, you are requested to involve your students for participation in this campaign. Engineering students of your institutions participating in this campaign are to be nominated and mapped for each block level team through the district collector/district magistrate of concerned district.

It is pertinent here to mention that a team of officers in the rank of joint secretary and additional secretary up to 250 officers from the central government will visit and work with district administration in 1592 water stressed blocks in 256 districts. All these officers have started their journey to their respective allotted districts. So you are requested to map your students with respective district collector/district magistrate of concerned district immediately under intimation to a concerned regional officer of AICTE. Involvement of students in this challenging activity can also be construed as social internship.
