The Chairman welcomed all the members of the Board of Governors.

After this the agenda item was taken up:

Item 01 : Re-examination of the extension of the term of Vice-Chancellor by the Board of Governors as per the directions of the Hon'ble Punjab and Haryana High Court

Members deliberated and discussed the agenda item. The Board also considered the written opinion of the members not present.

Although various opinions were expressed but members present were of the view that extension granted to Dr Rajneesh Arora, Vice-Chancellor, PTU in the 44th meeting of BOG on Oct. 05, 2011 was as per the provisions of PTU Act, 1996.

Members further observed that though the UGC (Minimum Qualifications for Appointment of Teachers and other Academic Staff in Universities and Colleges and other Measures for the Maintenance of Standards in Higher Education) Regulations, 2010 ("**UGC Regulations 2010**") stipulate provisions for appointment of Vice-Chancellor, they do not appear to have any express provision in relation to extension of the term of the Vice-Chancellor.

Members further observed that the State Govt. has not made any amendment to PTU Act, 1996 pursuant to the UGC Regulations 2010 so far.

In conclusion, the Board felt that recommendation for extension of another term granted in 44th BOG meeting on Oct. 05, 2011 to Dr Rajneesh Arora, Vice Chancellor, PTU, was as per PTU Act, 1996.

The meeting ended with a vote of thanks to the Chair.

42.09 To include environmental science as a subject in Ph.D.Programme under the faculty of Life Sciences in PTU

At present the environmental research topics are covered in Bio-Technology and Civil Engineering, this needs reconsideration in the interest of students. The environmental science is special branch of life science which overlaps with other disciplines, same has been recognized by the University Grants Commission (UGC) as they conducts separate NET (UGC) exam for students – **Annexure –IV**.

PTU offers environmental science as a compulsory subject in all Graduate and Post-graduate programs. Further M.Tech. (Environmental Sciences) is also being offered as specialization in many PTU affiliated colleges.

Therefore, it is proposed to include Environmental Science as a separate subject in the Ph.D. Programme under the Faculty of Life Sciences.

The matter is placed before the Council for approval

	Guru Nanak Institute of Management & Technology Gujarkhan Campus, Model Town, Ludhiana	**1. REVISION OF SYLLABI** **Background:** Since the inception of the PTU, the Syllabi of various courses have been revised 3/4 times and the practice was that the Board of Studies used to recommend revisions and submit the revised syllabus to the PTU authorities, who used to put it up the same before the Academic Council. Once approved by the Academic Council, the same was issued in hard copy & soft copy with each page signed by the Registrar to give authenticity to the Syllabi. Off late, the Board of Studies in various disciplines have started issuing the syllabi without authentication in the Academic Council or signed by the Registrar. This has resulted in various complications. The latest case in point is the Syllabus of MCA-I Semester, where the Board of Studies has changed the complete structure and pattern of the Question paper. They have allotted 100 marks for External and 50 marks for Internal against the established practice of 60% External and 40% Internal. This has harmed the students in the marking as there is hardly any student who got more than 60% marks as all examiners have mind set of 60 marks. It has also caused complications and embarrassment to the Examination Branch where they had to revise the results because some evaluators had marked the papers with 60 marks in mind. **SUGGESTIONS:** It is suggested that the tested pattern of 60% Externals and 40% Internal may be made mandatory in future. The respective Board of Studies should revise the Syllabi and submit to the appropriate authority in the PTU who, after screening, should put up before the Academic Council and if passed, the same may be issued under the signatures of the Registrar, because without his signatures, the syllabi has no sanctity and if any College deviates from this Syllabus no action can be taken against them as Syllabi is not authenticated by appropriate authority. **2. PERMISSION TO CORRECT THE ERRORS IN THE INTERNAL AWARDS** **Background:** In the 40th meeting of Academic Council, PCTE, Baddowal (Ludhiana) had put up a point vide Agenda Point No. 40.17 regarding permission to correct any error committed while submitting the Internal Awards due to any reason. Though it was agreed that the correction may be allowed only once in really deserving cases, but this decision was not recorded in the minutes.

Suggestions:

It is suggested that the decision may be recorded in the Minutes and the Colleges should be allowed to get it corrected on detecting the same before or after the issue of result gazette.

3. **REVISION OF PTU CALENDAR**

Background:

The University Calendar was published in 2005 and it was of great help to the Institutions. Since then a large number of amendments to various regulations have been carried out and the same are not compiled in any one volume. In one of the meetings of the Academic Council, it was decided to up-date the Calendar, but the same is yet to be up-dated.

SUGGESTIONS:

It is suggested that the PTU Calendar may be up-dated immediately and should be published in the form of a Book as it is considered authenticated only when it is published in the form of a Book and it is easy to quote and show to other authorities. It may also be decided that the Calendar may be up-dated after every three years.

4. **REAPPEAR EXAMINATIONS AS PER ODD AND EVEN SEMESTERS.**

Background:

It was decided in one of the Academic Council meetings that the reappear Exams. of the even and odd semesters should be held only with the Odd & Even Semester and not in every Semester. The decision was approved by the Board of Governors after obtaining the legal opinion and that was in favour of the decision. Due to the representation of some Colleges it was not implemented.

Suggestions:

It is suggested that this decision may be implemented from the Session 2013-14 for new admissions. PTU should give this information in the Admission Brochure/admission instructions and in appropriate regulations that reappear Examinations will be applicable for the newly admitted students. It will enhance efficiency and results.

5. **ADVANCE TO CONDUCT END OF TERM EXAMS. AND EVALUATION OF ANSWER BOOKS.**

Background:

The Colleges used to receive Advance for conduct of End of Term Exams. and evaluation. Off late, the advance is not granted on the plea that previous bill has not been finalized. The Colleges submit the bills in time, but PTU take 3 to 4 months to settle the bills. Taking the plea that as the bill is not settled, the advance cannot be granted is not correct. Actually, the bills are

submitted in time and the same are not settled with the result that the Colleges have to spend the entire expenditure on the conduct or evaluation from their own funds and have to struggle for months together to get the bills settled.

Suggestions:

It is suggested that the Institutes may be given advance as per the average expenditure on the conduct for the last two exams and once the bills are submitted the same may please be settled within the stipulated time may be one month.

6. **IMPRINT OF CANDIDATES' PHOTOGRAPHS ON DMCs AND DEGREEs**

Background: Quite a few Universities in India including DEP Department of PTU, CBSE, New Delhi and Punjab State Education Board have started printing the photographs of the candidates on the Detail Marks Certificates and the final Diplomas and Degrees to eliminate the chances of impersonation.

Suggestions:
1. It is suggested that the photographs of the candidates should be printed on the DMCs, Degrees, EOT Exam. Applications Forms, Admit Cards and the Signature Sheets. As PTU has all the data on the computer, no extra expenditure is involved in this, but it will ensure authenticity.

2. It is also suggested that the degrees issue to the student should have embossed seal of the PTU.

7. **DECISION TAKEN IN THE HIGH-POWERED EXAMINATIONS REFORMS COMMITTEE SET UP BY PTU.**

Background:

A high-powered Examinations Reforms Committee under the Chairmanship of ex-Vice-Chancellor Dr. S.K. Salwan was formed by PTU. Quite a few meetings were held at PTU campus and some at coveted Institutes at Jalandhar. Large number of suggestions and recommendations were received from various quarters and quite a few of them were accepted. Some of them were implemented. The final recommendations of such a high powered Examinations Reforms Committee should have been conveyed to the Institutes and the recommendations accepted may be implemented.

Suggestions:

It is suggested that the decisions arrived at the High-powered Examinations Reforms Committee may please be conveyed to the Institutions in a consolidated form.

	SSIET Derabassi	1)	The results pertaining to a particular engineering college only be sent to that institute in integrated form meant for that institute and the results of other colleges may not be included with it. Searching and sorting out of results which pertains to the college, is very tedious and time consu*ming.

		2) Revision/up gradation of syllabus both for theory and practical be considered to remain competitive with in peer group. **3)** Once a college is approved by the University for running M Tech(Part Time) course in a stream, then the approval should not be cancelled abruptly when there are less than eight admissions. The college will not conduct the classes in any academic year if the required number of admissions are not made. However, the institute can try in the next academic year for fresh admissions and it may succeed in its efforts. But once the approval is cancelled in want of required number of seats, then the process of admission is stopped and revival of the same is cumbersome.
	PCTE, Baddowal	**(a) Eligibility Check of Foreign Students** (i) It has been decided vide 41.23 Point of Academic Council Meeting held on 22 Aug 2013 that eligibility check will be carried out on the basis of book published by AIU. However, in some of the cases, University or Countries name is not in the AIU Book. This year students from FOUR countries approached PCTE for admission whose names are not in AIU Handbook. (ii) It is requested that where the name of country/ University/Board is not in AIU Handbook, there the equivalence given by Embassy of that country may be accepted. **(b) New Courses and Curriculum – Regular** It is submitted that as per point 41.13 New Course of B.Sc(Fashion Design) Non AICTE Were introduced for the Academic Year 2013-14. Accordingly, we submitted the application for the approval for B.Sc(Fashion Design/Fashion Technology). After so many requests, PTU informed that Hon'ble BOG has said that this course cannot be offered. It is added for your information that B.Sc(Fashion Technology) is being run in some of the affiliated institute to the PTU. These courses are professional technical course and should be started in our University.

Sir,
Humbly it is submitted that, due to latest information regarding cancellation of B.Tech Civil Eng at PIT
Hoshiarpur, students and their parents are feeling cheated. I am receiving many phone calls from
disturbed students and their parents who are unable to get seats in other colleges now and they want
PTU to do something for them to save their precious year. Many students were crying on the phone. I felt
very sorry on behalf of PTU to make them calm.

I suggest that we should do proper planning in future before implementing anything in the interest of the
students.

I request your goodself to positively look into the matter and if we can do something in the interest of the
Civil Engg. students.
