It is also informed that this continuation is subject to their clearing the outstanding dues in 15 days time from the date of issuance of continuation. We have to face BOG with progress in this matter and in the item No. 32.7 it was conveyed to the colleges they would not be allowed admissions, the University contemplates taking action against the defaulting Institutions.

The item is placed before the Academic Council for information.

33.7 To inform about introduction of new courses.

- (a) The following courses proposed by the college are being referred to respective BOS. The outcome shall be informed in the next meeting.

- (i) BBA (Retail)
- (ii) M.Sc. (Clinical Research)
- (iii) B.Sc. (Animation and Multimedia)
- (iv) M. Sc.(Pharmaceutical Sciences)

- (b) Revised curriculum for Management and Pharmacy as approved by the respective Boards is placed at **Appendix - VIII**

It is proposed to implement the revised syllabus from the session 2009– 10 onwards.

The item is placed before the Council for approval.

33.8 Autonomous Colleges.

Vide item No. 33.8 in the 33rd meeting of BOG the criteria for grant of autonomy to PTU affiliated colleges was discussed and it was decided that the guidelines for autonomy issued by UGC shall be followed. These guidelines are placed at **Appendix – IX**. The University shall process applications for considering grant of autonomy on the basis of current UGC guidelines.

33.9 Travel Grant for faculty / students / PTU staff.

To encourage teachers, students and staff members of the colleges / University. It is proposed that University may provide Travel Grants for paper presentation seminars and conference abroad to the teachers / students / staff. For this purpose Rs. 25 lacs have been earmarked for the year 2009 – 2010.

PTU will provide grant to the candidates for one way travel fare and registration fee. It will be provided once a year to faculty and students of PTU affiliated college and staff of PTU. Maximum limit of providing such assistance would be Rs. 50,000/- per candidate. This will be available only for paper presentation and not for participation alone. The application for grant of travel assistance should be recommended by the Director / Principal

of the concerned college. Grant will be reimbursed to the candidate after submission of claim along with the original documents.

The item is placed before the Academic Council for information.

33.10 Research Projects and Govt. Schemes.

Central Government / State Government / other agencies are providing funds for research and development of the Institute / University. Such grants can be availed by the colleges / Institutions.

A list of such schemes is placed at **Appendix-X**. The details of such schemes are available on the websites of the concerned funding agencies.

All the members are requested to circulate this information to their faculty for getting support to pursue their research and development objectives.

PTU shall provide the necessary assistance in this regard.

The item is placed before the Academic Council for information.

33.11 To discuss about rural area reservation in PTU affiliated Colleges.

At present the total reservation in PTU affiliated colleges comes out to be 47%. The maximum permissible reservation as per Punjab Govt rules is 50%. Therefore, it is proposed to reserve 3% seats for rural area general candidates for the session 2010 – 11 in all courses. Other Universities of Punjab like GNDU, Punjabi University and Punjab Agricultural University, Ludhiana has reservation of seats under rural areas ranging from 5% to 10% in Engineering and Management colleges which are located in the rural area. The students residing in rural areas and studied in the schools situated in rural areas are offered less facilities like (Good School Faculty and Coaching) as compared to the students studied in Urban Area School. So the students hailing from rural areas who got education from schools situated in rural areas may be given reservation in the seats of PTU affiliated colleges. The students must have the followings to claim for rural area reservation.

1. Rural area means area located outside the limits of Municipal Corporation, Municipal Committee Notified Area Committee, Cantonment Board Township & any University Campus in the State of Punjab. Provided - that the village included is converted into or declared Municipal Corporation, Municipal Committee, Notified Area Committee Cantonment Board, Township & University campus after January, 1997 shall be treated as rural area for the purpose of these rules.
2. A student hailing from rural area means
 - (i) His / Her parents are permanently residing in the rural area as defined in clause (1) above.
 - (ii) He / She has studied for a minimum period of 5 years from a recognized / affiliated school located in rural area.
 - (iii) He/ She has passed 5th / 8th / 10th or 10+2 from a school / college located in rural area. Sons / Daughters of defence personnel / Ex-defence personnel residing permanently in rural area are exempted from clause (ii) & (iii).

The item is placed before the Academic Council for approval.

33.12 To discuss non-conduct of CET & Admissions based on AIEEE 2010

Since the establishment of the Punjab Technical University, Jalandhar, the admission in its affiliated colleges are done on the basis of entrance test conducted by one of the state Universities. Combined Entrance Test (CET) for admission to B.Tech, B. Pharmacy and B. Architecture was conducted by PTU, Jalandhar since 1998 compliance to notifications issued by Govt. of Pb. from time to time. Similarly Management Entrance Test (MET) / (PAMCAT) for admissions to MBA and MCA was conducted by one of the state universities i.e PTU, Jalandhar, Pbi Univeristy, Patiala and GNDU, Amritsar in compliance to notifications issued by Govt. of Pb. from time to time.

At present majority of the states in India has abandoned the conduct of Entrance Test and admission of B. Tech & B. Architecture is being done on the basis of AIEEE (All India Engineering Entrance Examination) conducted by CBSE, Delhi. This has resulted to a uniform pattern throughout the Country. Stress, repetitive testing and financial burden on students has been observed as reduced by following this pattern. In state of Punjab Thapar University, Patiala, PEC, Chandigarh and Dr. B.R.Ambedkar NIT, Jalandhar are pursuing admissions to B. Tech. and B. Arch. on the basis of AIEEE conducted by CBSE, Delhi

It is submitted that admissions to B. Tech. and B. Pharmacy for the Academic session 2010 - 11 in the State of Punjab in all the Universities established by Act of Govt. of Punjab i.e. PTU, Jalandhar, Punjabi University, Patiala and GNDU Amritsar be done on the basis of AIEEE - 2010 conducted by CBSE Delhi. In future no Combined Entrance Test (CET) will be conducted separately by any of the above Universities. The criteria for 85% and 15% for Punjab State and All India quota to be followed as previously.

Item is placed before the Academic Council for approval.

33.13 To discuss new Ph.D. Rules in the light of UGC notification for Ph.D.

The revised Ph.D Rules recommended by Dr. Hira's committee are placed at **Appendix- XI**. The guidelines issued by UGC are are placed at **Appendix - XII**.

The guidelines issued by the UGC be referred to the committee with the request that the guidelines for Ph.D. be prepared keeping in view the UGC guidelines.

33.14 Award of Ph.D

On recommendation of the RDC the following candidates have been awarded Ph.D.

S. No.	Registration No.	Name	F Name	College/Insti	Specializatio n	Tital of Thesis

Academic Council may consider the case for recommendation to BOG for approval of the award of the Degree

33.15 To consider submission of student University related fee alongwith examination form.

The colleges have to deposit student University Related Fee of Rs. 575/- for first year and 275/- for continuing years. While preparation of dues it creates confusion of number of students. It is, therefore, proposed to collect URF alongwith examination form.

The matter is placed before the Council for approval.

33.16 Scholarship for Rural Students.

To attract rural students in Technical Education and to motivate every college to admit rural students in their college, a scheme of scholarship has been initiated by the University for the candidate of rural areas.

The key highlights of the scheme are as under.

- All the students belonging to rural areas and studying in the affiliated colleges of PTU shall be eligible for the scholarships.
- Student can be from any stream, e.g. Management, Pharmacy, Engineering, Architecture or others.
- Student should have passed his/her matriculation and 10+2 examination from a rural school.
- The student should have a good academic record in studies and shall have no re-appear in his/her exams. Those who are in their 1st year of studies, the marks scored in 10+2 examination shall be the criteria.
- The students should apply for the scholarship on a prescribed Performa through their respective institutions.
- In case of tie in merit between the two students, the comparatively lower in income shall be eligible for the scholarship.
- Scholarship amount shall be Rs. 5000 per annum per candidate.

The item is placed before the Council for approval.

33.17 Audit report and Balance Sheet of the Regional Center.

As on date twelve Regional Center are running at different college affiliated to PTU, Jalandhar. It is for the information of the members of the council that Regional Centers is a part of the University and income and expenditure should be included in the Balance sheet of the PTU. As it has already been directed by the BOG, Audit report and balance sheet of the regional centers should be compiled and put up to the BOG through Finance Committee. Hence it is proposed that Audited Balance Sheet of all Regional Centers should be sent to the University latest by September, 30, 2009.

The item is placed before the Academic Council.

Dear Sir/Madam,

विश्वविद्यालय अनुदान आयोग
बहादुरशाह जफर मार्ग
नई दिल्ली-110 002
UNIVERSITY GRANTS COMMISSION
BAHADURSHAH ZAFAR MARG
NEW DELHI-110 002

20th July, 2006

The Commission at its meeting held on 23rd June 2006 approved certain amendment in the UGC Xth Plan Guidelines for the "Scheme of Autonomous Colleges" particularly for giving Extension of autonomy to the colleges enjoying Autonomous Status and have become due for further continuation of Autonomy.

The Xth Plan Guidelines, page.9 para 10 (c). reads as under:-

"The University will review the functioning of autonomy in an autonomous college at the end of the fourth year with the help of a committee constituted for the purpose. The committee may consist of:

- one nominee of the UGC
- one nominee of the parent University;
- one nominee of the State Council for Higher Education or the State Government where such a council does not exist;
- two experts from outside the State to be nominated by the University.

Towards the end of the sixth year, the UGC will conduct a review with the help of a committee to be constituted by the Commission."

The Commission in its aforesaid meeting has substituted above provision with the following.

"A Joint Expert Committee consisting of two representatives each from the affiliating university and the concerned State Government and three representatives from the UGC out of which, one shall be the Convener of the Committee to examine the proposal of the colleges for extension of autonomous status after completion of first and subsequent tenures of autonomy."

As regard p.23, Annexure-V of these Guidelines "Recommended composition of the board of studies and its functions in an Autonomous College".

Para 1- Composition, sub para 4 "one expert to be nominated by the vice-chancellor from a panel of six recommended by the college Principal".

The Commission in its aforesaid meeting has also substituted above provision with the following.

"one expert to be nominated by the vice-chancellor from a panel recommended by the college Principal or on his own".

These changes be made effective from the date of issue of this letter.

These guidelines stands modified to the aforesaid extent.

Yours sincerely,
Sd/-

(Tilak R. Kem)

1. All Vice-Chancellor/Registrar/CDC of the Universities

3. All Autonomous Colleges
4. All Regional Offices

Highlighting the importance of autonomous colleges, the UGC document on the X Plan profile of higher education in India clearly states that: ♦ The only safe and better way to improve the quality of undergraduate education is to delink most of the colleges from the affiliating structure. Colleges with academic and operative freedom are doing better and have more credibility. The financial support to such colleges boosts the concept of autonomy. It is proposed to increase the number of autonomous colleges to spread the culture of autonomy, and the target is to make 10 per cent of eligible colleges autonomous by the end of the Plan. ♦

Need for Autonomy

The affiliating system of colleges was originally designed when their number in a university was small. The university could then effectively oversee the working of the colleges, act as an examining body and award degrees on their behalf. The system has now become unwieldy and it is becoming increasingly difficult for a university to attend to the varied needs of individual colleges. The colleges do not have the freedom to modernise their curricula or make them locally relevant. The regulations of the university and its common system, governing all colleges alike, irrespective of their characteristic strengths, weaknesses and locations, have affected the academic development of individual colleges. Colleges that have the potential for offering programmes of a higher standard do not have the freedom to offer them. The 1964-66 Education Commission pointed out that the exercise of academic freedom by teachers is a crucial requirement for development of the intellectual climate of our country. Unless such a climate prevails, it is difficult to achieve excellence in our higher education system. With students, teachers and management being co-partners in raising the quality of higher education, it is imperative that they share a major responsibility. Hence, the Education Commission (1964-66) recommended college autonomy, which, in essence, is the instrument for promoting academic excellence.

2. Objectives

- a. The National Policy on Education (1986-92) formulated the following objectives for autonomous colleges. An autonomous college will have the freedom to:
 - determine and prescribe its own courses of study and syllabi, and restructure and redesign the courses to suit local needs; and
 - prescribe rules for admission in consonance with the reservation policy of the state government;
 - evolve methods of assessment of students ♦ performance, the conduct of examinations and notification of results;
 - use modern tools of educational technology to achieve higher standards and greater creativity; and
 - promote healthy practices such as community service, extension activities, projects for the benefit of the society at large, neighbourhood programmes, etc.
- b. Relationship with the parent university, the state government and other educational institutions:

Autonomous colleges are free to make use of the expertise of university departments and other institutions to frame their curricula, devise methods of teaching, examination and evaluation. They can recruit their teachers according to the existing procedures (for private and government colleges).

The parent university will accept the methodologies of teaching, examination, evaluation and the course curriculum of its autonomous colleges. It will also help the colleges to develop their academic programmes, improve the faculty and to provide necessary guidance by participating in the deliberations of the different bodies of the colleges.

The role of the parent university will be:

- to bring more autonomous colleges under its fold;
- to promote academic freedom in autonomous colleges by encouraging introduction of innovative academic programmes;
- to facilitate new courses of study, subject to the required minimum number of hours of instruction, content and standards;
- to permit them to issue their own provisional, migration and other certificates;
- to do everything possible to foster the spirit of autonomy;
- to ensure that degrees/diplomas/certificates issued indicate the name of the college;
- to depute various nominees of the university to serve in various committees of the autonomous colleges and get the feedback on their functioning; and
- to create separate wings wherever necessary to facilitate the smooth working of the autonomous colleges.

The state government will assist the autonomous colleges by:

- avoiding, as far as possible, transfer of teachers, especially in colleges where academic innovation and reforms are in progress, except for need-based transfers;
 - conveying its concurrence for the extension of autonomy of any college to the Commission within the stipulated time of 90 days after receipt of the review committee report, failing which it will be construed that the state government has no objection to the college continuing to be autonomous; and
 - deputing nominees on time to the governing body of government colleges and other bodies wherever their nominees are to be included.
- c. Conferring autonomous status

Autonomous status covers certificate, diploma, undergraduate, postgraduate and M.Phil. programmes offered in colleges that are autonomous and those seeking autonomous status. The parent university will confer the status of autonomy upon a college that is permanently affiliated, with the concurrence of the state government and the University Grants Commission. The Act and Statutes of the universities ought to be amended to provide for the grant of autonomy to affiliated colleges. Before granting autonomy, the university will ensure that the management structure of the applicant college is adequately participatory and provides ample opportunities for academicians to make a creative contribution.

3. Target Group and Eligibility Target Group

All Colleges under Section 2(f) & 12(B) of the UGC Act are eligible CRITERIA FOR IDENTIFICATION OF INSTITUTIONS FOR GRANT OF AUTONOMY

- Academic reputation and previous performance in university examinations and its academic/co-curricular/extension activities in the past.
- Academic/extension achievements of the faculty.
- Quality and merit in the selection of students and teachers, subject to statutory requirements in this regard.
- Adequacy of infrastructure, for example, library, equipment, accommodation for academic activities, etc.
- Quality of institutional management. (f) Financial resources provided by the management/state government for the development of the institution.
- Responsiveness of administrative structure. (h) Motivation and involvement of faculty in the promotion of innovative reforms.

^TOP

4. Nature of Assistance

PATTERN OF FINANCIAL ASSISTANCE AND OTHER ENABLING PROVISIONS

The Commission will provide assistance under this scheme to autonomous colleges to meet their additional and special needs.

- Guest/visiting faculty
- Orientation and re-training of teachers.
- Re-designing courses and development of teaching/learning material
- Workshop and seminars
- Examination reforms
- Office equipment, teaching aids and laboratory equipment
- Furniture for office, classrooms, library and laboratories
- Library equipment, books/journals
- Expenditure on meetings of the governing body and committees
- Honorarium to Controller of Examinations (full-time) not exceeding Rs. 5000/- p.m.
- Accreditation (NAAC) fee

UGC funds cannot, however, be used for creation of posts, payment of salary to any of the college staff, paying honorarium (except clause [x] above) to existing staff to meet normal college contingency requirement or to subsidies. Examination fee should be fixed so that income from fee can meet the expenditure on examinations and other staff appointed in examination branch. In government colleges the principal has to obtain administrative approval from the director of collegiate education before apportioning the grant that causes undue delay. Hence, the principal of the college has to be authorised to spend the autonomy grant as soon as it is received from the UGC.

The ceiling of normal assistance will be as follows:

- r. Undergraduate level only:
 - i. Arts/science/commerce: One faculty only: Rs.5.00 lakh p.a.
 - ii. Arts/science/commerce More than one faculty: Rs.7.00 lakh p.a.
- s. Both Undergraduate and Postgraduate levels:
 - i. Single faculty: Rs.6.00 lakh p.a.
 - ii. Multi-faculty: Rs. 12 lakh p.a.

Normal assistance as detailed above will be available to autonomous colleges offering not fewer than six programmes, of which two may be at the postgraduate level. The UGC will provide VSAT to each autonomous college for Internet connectivity. Colleges that provide professional courses in education, law, physical education, etc. will also be eligible to receive grants from the Commission. The sanction of such grants will depend on the size and stage of development of these colleges after attaining autonomous status. Since self-financing colleges also want autonomous status, their cases may be considered after they have completed 10 years of existence.

They will have to follow the same procedure as applicable to other colleges. However, conferment of autonomy does not entitle them to an autonomy grant.

^TOP

5. Procedure for Applying

The UGC will advertise and call for proposals from eligible colleges seeking autonomous status. The individual university can also send circulars asking the colleges to apply.

^TOP

6. Procedure for Approval By the UGC

The approval for the grant of autonomous status will be done in two stages. At stage I a screening committee will be constituted by the UGC. The composition of the committee will be as follows:

- t. Three to five experts nominated by the UGC (one of the experts will be nominated as convener).
- u. Secretary of Higher Education or his/her nominee.
- v. Chairman, State Council for Higher Education or his/her nominee
- w. Director of Collegiate Education or his/her nominee.
- x. Vice-Chancellor or his/her nominee.
- y. Joint Secretary (Autonomous Colleges), Member Secretary.

The convener will chair the committee. The cases of short-listed colleges shall be sent to the state government for approval, wherever required. If no response is received from the state government within a period of six weeks, it will be assumed that it has no objection to the proposal.

At stage II short-listed colleges will be visited by another expert committee constituted by the UGC. This committee will submit its report with its findings and recommendations to the UGC. Thereafter, the UGC may send its recommendation to the university concerned for conferment of autonomy.

The university will notify the colleges concerned. Autonomy will be conferred initially for a period of six years.

7. Mechanism for Implementation of Autonomy

Repairing a College for Autonomy

There are several areas where proper preparation is necessary if college autonomy is to be implemented successfully. These are: faculty preparation, departmental preparation, institutional preparation, and preparation of students and the local community. Such multi-pronged preparation should be completed well before autonomy is sought and conferred upon a college so that no part of the college community is found unprepared for the new responsibility which it is called upon to shoulder.

Faculty Preparation

It is essential to get the staff of the college involved in the thinking and planning processes from the

very beginning. Seminars, workshops and consultations may be organised to make the staff familiar with the concept, objectives and rationale of autonomy. (This will help them have a sense of participation in decision making and motivate them to get involved in the entire exercise.) This could form part of the academic calendar of the college.

Departmental Preparation

An important responsibility of the department is that of designing suitable courses in the major and related subjects, introducing new courses of study, renaming obsolete courses by changing their content, updating existing courses to match the current state-of-the-art in each discipline, and preparing course materials and human resources.

These will be done in the light of the general objectives of autonomy and the specific objectives of the education institutions.

Common programmes to be adopted are:

- z. Semester pattern of study
- aa. Continuous internal assessment
- bb. Credit/grading system
- cc. Student feedback
- dd. Self-appraisal by teachers

Institutional Preparation

Since an autonomous college is called upon to perform many of the functions that the university has hitherto performed, it must study the academic, administrative/management and financial implications of such a changeover and prepare itself to discharge its new functions efficiently.

^TOP

8. Governance of an Autonomous College

The college will have the following committees to ensure proper management of academic, financial and general administrative affairs.

The following are statutory bodies:

- Governing Body *
- Academic Council
- Board of Studies
- Finance Committee

(*The Governing Body is different from Trust Board/Board of Management/Executive Committee/Management Committee).

The composition and functions of the above committees are given in Annexures III to VII. The college will, in addition, have other committees such as the Planning and Evaluation Committee, Grievance Appeal Committee, Examination Committee, Admission Committee, Library Committee, Student Welfare Committee, Extra-Curricular Activities Committee and Academic Audit Committee.

Governing Body

The constitution of this body will be according to the structure given in Annexure III.

Academic Council

The Academic Council will be solely responsible for all academic matters, such as, framing of academic policy, approval of courses, regulations and syllabi, etc. The Council will involve faculty at all levels and also experts from outside, including representatives of the university and the government. The decisions taken by the Academic Council will not be subject to any further ratification by the Academic Council or other statutory bodies of the university. The composition and functions of the Academic Council are given in Annexure IV.

Board of Studies

The Board of Studies is the basic constituent of the academic system of an autonomous college. Its functions will include framing the syllabi for various courses, reviewing and updating syllabi from time

to time, introducing new courses of study, determining details of continuous assessment, recommending panels of examiners under the semester system, etc. The composition and functions of the Board of Studies are given in Annexure V.

Finance Committee

The Finance Committee will advise the Governing Body and meet at least twice a year. The constitution and functions of the Finance Committee are given in Annexure VI.

^TOP

9. Procedure for Release of Grant

The first-year grant will be released on the conferment/extension of the autonomy to the college, and subsequent grants will be released on receipt of statement of expenditure and Utilisation Certificate duly signed by the competent authority (Annexures VII) and Annexure VIII). Normally grants sanctioned in a particular year will lapse if they are not claimed and approved by the Commission in succeeding year.

^TOP

10. Procedure for Monitoring/Evaluation

- ii. The right of autonomy may not be conferred once and for all. It has to be continuously earned by the college. The status of autonomy will be granted initially for a period of six years.
- jj. Each autonomous college will, with the approval of its Academic Council, formulate an appropriate mechanism to evaluate its academic performance, improvement of standards, and assess the extent and degree of success in the utilisation of autonomy. Self-evaluation will be made annually. In addition, there will be two external evaluations, the first after four years and the second after six years. The latter will determine the continuance or revocation of autonomous status.
- kk. The university will review the functioning of autonomy in an autonomous college at the end of the fourth year with the help of a committee constituted for the purpose. This committee may consist of:
 - one nominee of the UGC;
 - one nominee of the parent university;
 - one nominee of the State Council for Higher Education or the state government where such a council does not exist; and
 - two experts from outside the state to be nominated by the university.

Towards the end of the sixth year, the UGC will conduct a review with the help of a committee to be constituted by the Commission. In the event of delay in the review report and renewal of autonomy, the college will continue to enjoy autonomy with the entitlements of benefits, fiscal or otherwise so conceived under the scheme, unless the government or parent university by a special order withholds such continuation. The college should submit the proposal in the prescribed pro forma (Annexure II) duly forwarded by the university for the extension six months prior to the date of expiry of the autonomy tenure.

In the event of the availability of evidence confirming decline in standards in an autonomous college, it shall be open to the UGC and the university to revoke the autonomous status of that college after careful scrutiny, and mutual consultation and due notification to the management. In such cases the students already admitted under the autonomous scheme would be allowed to complete the course under autonomous status.

An autonomous college should get themselves accredited by the NAAC within a period of two years from the date of conferment/extension of autonomous status.

General Matters

Starting of New Courses

An autonomous college is free to start diploma (undergraduate and postgraduate) or certificate courses without the prior approval of the university. Diplomas and certificates shall be issued under the seal of the college.

An autonomous college is free to start a new degree or postgraduate course with the approval of the

Academic Council or the college. Such courses shall fulfil the minimum standards prescribed by the university/UGC in terms of number of hours, curricular content and standards, and the university shall be duly informed of such courses.

An autonomous college may rename an existing course after restructuring/redesigning it with the approval of the college Academic Council as per UGC norms. The university should be duly informed of such proceedings so that it may award new degrees in place of the old.

The university should have the right to review all new courses of an autonomous college. Where there is evidence of decline in standards or quality, the university may, after careful scrutiny, and in consultation with the UGC, either help modify them, wherever possible, or cancel such courses.

Awards/Medals

Autonomous colleges are free to institute medals for meritorious students. The value and other terms of reference may be decided with the approval of appropriate bodies in the college.

Examination System

In order to avoid victimization by either teachers or students of any group, there should be various alternatives to the internal examination system. Students' performance may be evaluated both internally and externally. Question banks may be prepared by internal examiners, and examinations conducted by external examiners or by internal examiners, or by both. Remuneration for examination work should not be less than that paid by the university.

Award of Degrees Through Parent University

The parent university will award degrees to the students evaluated and recommended by autonomous colleges. The degree certificates will be in a common format devised by the university. The name of the college will be mentioned in the degree certificate, if so desired. Autonomous colleges that have completed three terms can confer the degree under their title with the seal of the university.

Others

- ll. All recruitments of teaching staff will be made by the Governing Body/state government in accordance with the policies laid down by the UGC and state government.
- mm. Universities shall consider both internal and external assessment of students in autonomous colleges for admitting them to higher-level courses.
- nn. Organisation of special need-based short-term courses under the college's department of continuing education may be an important activity of an autonomous college. Such courses ought to benefit the students of the college besides outsiders who may enrol for them.
- oo. The time spent by teachers on projects and extension work shall be counted for reckoning their workload as prescribed by the Commission.
- pp. An autonomous college should prepare a calendar for meetings of various bodies to ensure that the implementation of the recommendations made by them is not unduly delayed for reasons of non-convening of such meetings.
- qq. A wide variety of courses may be evolved in modules so that students may opt for them according to their convenience. Such courses may help them acquire additional credits.
- rr. All autonomous colleges should make a formative continuous assessment of students' work during each semester.
- ss. Teacher evaluation in autonomous colleges may include periodical self-evaluation, institutional assessment of teacher performance, student feedback, research appraisal and other suitable forms of teacher appraisal.
- tt. Autonomous colleges in a given region may form a consortium for mutual cooperation/collaboration in chosen areas such as management skills, national services, entrance examinations, services projects, inter-collegiate/intra-collegiate sharing of expertise and human resources for teaching programmes.
- uu. Credit system and credit transfer among colleges in general and autonomous college in particular may be suitably adopted.
- vv. All autonomous colleges should undergo NAAC assessment.

**UGC (MINIMUM QUALIFICATIONS REQUIRED FOR THE APPOINTMENT AND CAREER
ADVANCEMENT OF TEACHERS IN UNIVERSITIES AND INSTITUTIONS AFFILIATED TO IT)
(3rd AMENDMENT), REGULATION 2009.**

F. 1-1/2002 (PS) Exemp.—In exercise of the powers conferred by clause (e) & (g) of sub-section (1) of Section 26 read with Section 14 of University Grants Commission Act 1956 (3 of 1956), and in supersession of the University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (1st Amendment), Regulation, 2002 dated 31st July, 2002 and University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (2nd Amendment), Regulation, 2006 dated 14.06.2006, the University Grants Commission hereby makes the following Regulations to amend the University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) Regulation, 2000, namely :—

Short Title, Application and Commencement :

1. These regulations may be called University Grants Commission (Minimum qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (3rd Amendment), Regulation 2009.
2. They shall apply to every University established or incorporated by or under a Central Act, Provincial Act or a State Act, every Institution including a constituent or an affiliated college recognized by the Commission, in consultation with the University concerned under clause (f) of Section 2 of the University Grants Commission Act 1956, and every Institution deemed to be a University under section 3 of the said Act.
3. They shall come into force with effect from the date of their publication in the Gazette of India.
4. In the ANNEXURE to the University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) Regulation, 2000, the following was provided in the Note to Regulation 1.3.3, 1.4.3, 1.5.3 and 1.6.1 :

"NET shall remain the compulsory requirement for appointment as Lecturer even for candidates having Ph.D degree. However, the candidates who have completed M.Phil degree or have submitted Ph.D. thesis in the concerned subject upto 31st December, 1993 are exempted from appearing in the NET examination."

The said Note to Regulation 1.3.3, 1.4.3, 1.5.3 and 1.6.1 was substituted by the following para, vide University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (1st Amendment), Regulation 2002 :

"NET shall remain compulsory requirement for appointment as Lecturer even for candidates having Ph.D. Degree. However, the candidates who have completed M.Phil. Degree by 31st December, 1993 or have submitted Ph.D. thesis to the University in the concerned subject on or before 31st December, 2002 are exempted from appearing in the NET examination. In case such candidates fail to obtain Ph.D. Degree, they shall have to pass the NET examination."

Further, the above provision brought in to effect by the University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (1st Amendment), Regulation 2002, was further substituted by the following provision of the University Grants Commission (Minimum Qualifications required for the appointment and Career Advancement of teachers in Universities and Institutions affiliated to it) (2nd Amendment), Regulation 2006 :

"NET shall remain compulsory requirement for appointment as Lecturer even for those with Post Graduate Degree. However, the candidates having Ph.D Degree in the concerned subject are exempted from NET for PG level and UG level teaching. The candidates having M.Phil. Degree in the concerned subject are exempted from NET for UG level teaching only."

Now, the above provision shall be substituted by the following paragraph :

"NET/SLET shall remain the minimum eligibility condition for recruitment and appointment of Lecturers in Universities/Colleges/Institutions.

Provided, however, that candidates, who are or have been awarded Ph.D. Degree in compliance of the "University Grants Commission (minimum standards and procedure for award of Ph.D Degree), Regulation 2009, shall be exempted from the requirement of the minimum eligibility condition of NET/SLET for recruitment and appointment of Assistant Professor or equivalent positions in Universities/Colleges/Institutions."
