Sub: Regarding online Artificial Intelligence and Data science up skilling programme for youth of Punjab by IIT Ropar.

Sir/Madam,

A letter regarding the subject cited above was issued on 11.08.21 (letter attached). In this regard, it has been observed that student registration in the mentioned courses have been very less. So, you are once again requested to direct Training and Placement Officer of your College/Institute to ensure maximum registration of interested students at Ghar Ghar Rozgar Portal (<http://www.pgrkam.com/>) for the said courses. First batch is starting from 1st September, 2021.
For any queries you may call the undersigned@+9478098076.

With profound regards,

M. S. Bedi

Sub: Regarding online Artificial intelligence and Data science up skilling programme for youth of Punjab by IIT Ropar.

Government of Punjab Under its GharGhar Rozgar Mission has collaborated with IIT, Ropar for offering Artificial intelligence and Data science courses to youth of Punjab. Any interested student who had Mathematics in +2 and is currently perusing any degree under IKG-PTU or passed out can avail this opportunity. (Details attached).

In light of the above you are requested to direct Training and Placement Officer of your College/Institute to ensure registration of interested students at GharGhar Rozgar Portal (<http://www.pgrkam.com/>) for the said courses. First batch is starting from 1st September, 2021. Students will be provided with certificates from IIT Ropar after the completion of the said courses.

For any queries you may call the undersigned @ + 9478098076.

With profound regards,

MSB

OUR PROGRAMS

Advanced Data Science Aptitude Test (A-DSAT) is the standard evaluation process to select the right candidate for learning Artificial Intelligence. The A-DSAT is based on Sternberg Theory of intelligence and aims to evaluate "Analytical Intelligence pf the candidate". Analytical Intelligence is the kind of intelligence which helps one to decipher complex scenarios and draw patterns out of it.

The right candidate to learn Data Science/Machine Learning/Artificial Intelligence must demonstrate the ability to understand Maths, Programming and Business Context. A-DSAT Screens you on all the 3 attributes.

Syllabus for A-DSAT

- Data Interpretation
- Business Understanding
- Quantitative Aptitude
- Integrated Reasoning
- Statistics and Probability

Who can Apply ?

- 12th Standard With Mathematics
