Pushpa Gujral SCIENCE CITY

THE SCIENCE OF WOW

Dr. Neelima Jerath
Director General

(A Joint Project of Government of India and Punjab Government)

Ref.No.: PGSC/MOH/98

Date: 16/2/2023

Subject: INNO-TECH-2023-An event to promote innovation and creativity among the students of professional colleges.

Dear Dr Mishra,

As you are aware, the Pushpa Gujral Science City, Kapurthala (PGSC) is making efforts to inculcate scientific temper in the masses, as well as, promote innovative thinking amongst students and youth.

PGSC organizes "INNO-TECH", an interactive project based program, every year which is aimed at encouraging innovativeness and creativity amongst the students of Engineering Colleges, Polytechnics and Industrial Training Institutes throughout the State.

The 15th INNO-TECH is being organized as a part of "Azadi ka Amrit Mahotsav" at Science City on 18th & 19th March, 2023 on the theme "Sustainable Development & Environment Conservation". More than 500 students from different professional colleges generally participate in this event annually.

I would be grateful if a directive from your side could be sent to all Engineering colleges under your University to facilitate participation of students in this event in a big way. I am also enclosing a brochure for the event for your ready reference. I shall be grateful if the same could be placed on the IKGPTU website for wider circulation. Detailed guidelines are available at PGSC website www.pgsciencecity.org for online registration please.

With regards,

Yours sincerely,

Neelima Jerath
(Dr. Neelima Jerath) 16/2/23

Dr. S.K. Mishra
Registrar,
I.K.G. Punjab Technical University, Kapurthala
