Ref.No.: PGSC/220

Date: 30.08.2023

Subject: Robotics Championship-2023

Dear *su*,

You might be aware that Pushpa Gujral Science City, Kapurthala (PGSC) is a premier Science communication facility with a vision to promote innovative thinking amongst students. The organization celebrates many scientific important days throughout the year to motivate the students towards STEM.

In this regard, PGSC is organizing "Robotics Championship" for students to mark the celebration of Engineer's Day on 15th September, 2023. The event is aimed at encouraging creativity and innovativeness amongst the Engineering and Polytechnics students throughout the State. The event will help to develop their problem-solving skills, team spirit and stimulate their minds to work collectively and accomplish the desired tasks.

I shall be grateful if a directive from your side could be sent to all Engineering colleges under your domain to encourage participation of students in this event in a big way. I am also enclosing an event brochure for your ready reference. I shall be grateful if the same could be placed on IKGPTU website for wide circulation. In this context, the detailed guidelines are available on PGSC website www.pgsciencecity.org for online registration.

With warm regards,

Yours sincerely,
