Sub: Mandatory filling of Academic Bank of Credits (ABC) Form by 30-12-2024

Sir/Madam

Please refer our earlier letter no. IKGPTU/ABC/16901 dated 18-11-2024 regarding the above referred subject. The University is in process of uploading students' credits data in their respective ABC accounts over digilocker. As per directions of the Ministry of Education and the UGC, **we can upload the credits data of admission batches 2021, 2022 and 2023 only up to 31-12-2024. After that, the concerned ABC accounts will be frozen by digilocker and university cannot upload any credits of these batches.**

Although last date for students to fill the ABC form at www.ptuexam.com was 12-12-2024, still many students of 2021, 2022, 2023 admission batches have not yet filled the ABC form (update aadhar no.) in their student logins of ptuexam.com. In this regard, it is clarified that if a student of these batches has still not created ABC account (e.g. due to aadhar card not linked with mobile number), they can leave the ABC account field as blank and fill the remaining information. For such students, university will generate ABC account directly from NAD cell of UGC and upload their credits. Students will be informed of their ABC ids accordingly. HODs are requested to immediately confirm the students data from their logins at www.ptudocs.com without any delay even if ABC account field is left blank.

Students and respective HODs must ensure to submit these ABC forms in their logins latest by Monday 30-12-2024 (02:00 PM) so that university can upload their credits at digilocker by 31-12-2024. After this timeline, University will not be able to upload the credits as such

accounts will be frozen by digilocker and left out students will themselves be responsible for the inconvenience.
