Job Title: Software Developer
Company: Websphere Solution Pvt. Ltd.
Location: Noida, Sector 90, Uttar Pradesh
Job Type: Full-time
Experience: 0–3 years (Freshers can apply)

Job Description:

We are looking for a passionate and skilled **Software Developer** to join our growing development team. The ideal candidate will be responsible for designing, developing, testing, and maintaining software applications to support various business needs.

Key Responsibilities:

- Develop clean, efficient, and maintainable code based on requirements.

- Collaborate with cross-functional teams including designers, testers, and project managers.

- Debug and resolve technical issues and bugs in existing applications.

- Participate in code reviews to maintain code quality standards.

- Stay updated with emerging technologies and incorporate them into development practices.

Technical Skills:

- Strong understanding of **OOP (Object-Oriented Programming)** concepts.

- Proficiency in one or more programming languages such as **Java, Python, C#, or JavaScript**.

- Familiarity with **web development frameworks** (e.g., React, Angular, or Node.js) is a plus.

- Knowledge of **database management systems** like MySQL, PostgreSQL, or MongoDB.

- Understanding of version control tools (e.g., Git).

Preferred Qualifications:

- Bachelor's degree in **Computer Science**, **Information Technology**, or related field.

- Strong problem-solving skills and attention to detail.

- Good communication and teamwork abilities.

Perks & Benefits:

- Friendly and collaborative work environment.

- Learning opportunities and mentorship from experienced developers.

- Flexible work hours (where applicable).

- Performance-based incentives.
