**Sub:** Expert Talk by POD.ai (**Demystifying AI and the AI Augmented Engineer**).

**Respected Sir/Madam**

I K Gujral Punjab Technical University invite students of its campuses & affiliated colleges to participate in POD.ai Expert Talk "**Demystifying AI and the AI Augmented Engineer**".

This session will be led by **Tabrez Alam**, a **visionary technologist** and the Founder of Intents Mobi. With over two decades of experience spanning startups, business strategy, and intellectual property, Tabrez brings a rare "first-principles" approach to the AI conversation. Having successfully led deep-tech initiatives and prior ventures acquired by global leaders, he offers a unique perspective on how human logic and AI must intersect to drive real-world success.

This session will strip away the "**Twitter fads**" to look at what AI actually does well—and where it fails spectacularly. It is designed to help students move beyond simple prompts and understand the architectural logic required to succeed in the 2026 tech landscape.

**The session details are as below:-**
