Job Description: DevOps Trainee (Fresher)

Job Title: DevOps Trainee (Fresher)

Shift: 9:30 AM – 6:30 PM

Job Summary:

We are seeking motivated and enthusiastic freshers for the role of DevOps Trainee. The candidate will support the DevOps team in managing infrastructure, automating deployment processes, and maintaining CI/CD pipelines while gaining hands-on experience with DevOps tools and cloud platforms.

Key Responsibilities:

- Assist in managing and maintaining Linux servers and cloud infrastructure.
- Support CI/CD pipeline setup and maintenance using tools such as Git, Jenkins, or GitHub Actions.
- Help automate deployment, monitoring, and operational tasks.
- Work with the DevOps team to troubleshoot infrastructure and application issues.
- Monitor system performance and availability.
- Support version control management using Git.
- Assist in implementing basic security practices and access management.
- Maintain documentation for infrastructure setup, deployment processes, and troubleshooting.

Required Skills:

- Basic knowledge of Linux/Unix operating systems.
- Understanding of networking fundamentals (IP, DNS, HTTP, SSH).
- Basic understanding of Git version control.
- Familiarity with cloud platforms (AWS / GCP / Azure) – basic knowledge preferred.
- Basic scripting knowledge (Bash / Python preferred).
- Understanding of DevOps concepts and CI/CD pipelines.
- Strong problem-solving and logical thinking skills.

Qualification:

B.Tech Computer Science / Information Technology or a related field.

Campus Hiring – Cyber Security Analyst – I

About Grazitti Interactive

Grazitti Interactive is a global provider of SaaS products and digital services. Since 2008, Grazitti has been helping organizations strengthen their digital and security ecosystems. The company is **ISO 27001:2013, ISO 27701:2019, and HIPAA certified and compliant.**

Job Details

- **Job Title:** Cyber Security Analyst – I
- **Location:** Panchkula
- **Reporting To:** Cyber Security Lead / CISO
- **Team:** Information Security Group (ISG) – Cyber Security

Role Overview

This is an **entry-level campus hiring role** for fresh graduates aspiring to build a career in **Cyber Security**. The Cyber Security Analyst – I will support security monitoring, incident triage, and vulnerability management activities while gaining hands-on exposure to SIEM tools and security best practices.

Key Responsibilities

- Monitor security alerts and logs using SIEM and other security tools.
- Perform initial analysis and triage of security incidents and escalate when required.
- Assist in vulnerability assessments and remediation tracking.
- Maintain incident and security documentation.
- Collaborate with IT and internal teams to support a secure environment.
- Participate in security trainings and team learning sessions.

Eligibility Criteria

Mandatory:

- Bachelor's degree in Computer Science, IT, Cyber Security, or a related field.
- Basic understanding of cyber security concepts, network security, and firewalls.
- Awareness of OWASP Top 10, SANS Top 25, or similar security principles.
- Good analytical, communication, and problem-solving skills.

Preferred:

- Exposure to SIEM tools, vulnerability management, or incident response (academic / internship).
- Relevant certifications or coursework (Security+, CEH, etc.).
- Proficiency in MS Excel, Word, and PowerPoint.

Why Join Grazitti?

- Strong foundation for a career in Cyber Security.
 - Hands-on learning with real-world security operations.
 - Mentorship from experienced security professionals.
-
